

# elevate leadership and skills development programme

Elevate is a 10-day skills development programme designed for young women aged 18-25 who are not accessing education, employment or training programmes. Participants will have the opportunity to earn CPD accreditation (Level 1) in Leadership and take part in group work, group discussions, and individual presentations.

The programme also looks to support young women to build and demonstrate trusting team relationships, building self-care and life skills, exploring personal and social identities, and introducing the concept of social action.
